must be taken care of at any rate. The amount may be given to us as a loan. We don't ask for free grant.

Mr. Karnick Krishnamurthi Rao.—There is already congestion in the City and we cannot accommodate people there any more. Unless suburbs are made, congestion cannot be removed. New houses should be built for the poor outside the City giving the people Railway and Tramway facilities. This is how the town can be extended.

Dewan.—Will be considered.

SUBJECT No. 262.

Water Supply to Channapatna.

Mr. Syed Abdul Rasheed, Anjuman-e-Mahdevia, Channapatna.

Mr. Syed Abdul Rasheed.—The Water Supply Scheme for Channapatna is daily becoming urgent. An Engineer Officer may be deputed to investigate into the matter and at least repair the existing sources of supply. If the water now running to waste is utilized, we will be better supplied with water. There was already a project for water supply and we do not know at what stage it is and why it has not been worked up.

Second Member of Council.—The project that has been already worked up is found to be very costly and the maintenance will be too heavy for the Municipality to bear. We are therefore investigating a cheaper project. The matter will be expedited.

SUBJECT No. 263.

Water Supply to Dodballapur Town.

Messrs. Devasettappa and Veere Gowda, Dodballapur Taluk and A. Srikantappa, Dodballapur Municipality.

Mr. Srikantappa.—The water supply project for Dodballapur was sent up to Government long ago and it was decided to be undertaken in 1917, but nothing has yet been done in the matter. We have already paid Rs. 20,000 as voluntary contribution towards the cost. We stand on a different footing from other places in this respect. The scheme may be brought into force without further delay.

Second Member of Council.—The scheme which has been sanctioned already is becoming more costly day by day. Your Municipailty cannot bear the maintenance charges. Steps are being taken to find out cheaper means of water supply. The matter will be expedited.

SUBJECT No. 264.

Establishment of an additional First Class Magistrate's Court at Bangalore.

Mr. G. Jayarama Setty, Magadi Municipality.

In the Bangalore City, there is a City Magistrate's Court and a Special Magistrate's Court. Cases are daily increasing and these Courts cannot cope with the work. It is necessary that an additional First Class Magistrate's Court should be established to deal with the increasing number of cases.

Dewan.—Noted.
